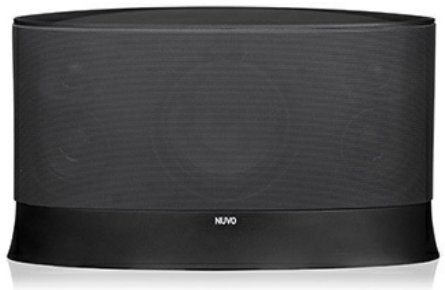
Nuvo

Discontinued - P400 Player Portfolio Tabletop Speaker

Part No. NVP400NA



The P400 Tabletop Speaker (NV-P400-XX) easily expands the Player Portfolio system to any room of the home– playing audio in a single zone or staying perfectly in sync when all rooms are singing the same song.

With a powerful 2.1 system, the P400 is an all-in-one stereo speaker and amp. It fills any space with dynamic, rich audio from networked music collections or a near-infinite variety of streaming sources. Controlling the Tabletop Speaker is easy using the Player app on iOS or Android devices, Nuvo in-wall keypads, or the capacative touch controls on the Tabletop Speaker– convenient for when your phone is out of reach.

Check out the Player Portfolio mobile app.

Outside North America? Use -EU, -UK or -AU when ordering.

Features & Benefits

- Adds a single zone to any Player Portfolio system for easy expansion into any room
- Connects wirelessly or by Ethernet to the home network for seamless integration
- Convenient control options using the Nuvo Player app, optional in-wall keypads, or responsive capacitive touch controls on the device
- Instant access to networked audio content and streaming services – Spotify, Pandora, iHeartRadio, TuneIn, Napster, Deezer, and SiriusXM
- Plug any audio device into the 3.5mm analog audio or USB 2.0 inputs to listen instantly
- Powerful 2.1 system, complete with a five and a quarter inch subwoofer, two midrange drivers and two tweeters
