

Wattstopper
DLM Dual Tech Ceiling Mount Sensor V4, White
Part No. LMDC-100

The LMDC-100 low profile Dual Technology Ceiling Mount Occupancy Sensor uses both passive infrared (PIR) and ultrasonic technologies to achieve precise occupancy sensing for energy-efficient control of lighting and plug loads. It is a digital sensor, and is part of a Wattstopper Digital Lighting Management (DLM) system.

Features & Benefits

Plug n' Go™ automatic configuration for quick installation and maximum energy savings

Digital Lighting Management components plug together on a free-topology Category 5e DLM local network

Ultrasonic diffusion technology spreads coverage to a wider area (patented); 40KHz signal

Detection Signature Processing eliminates false triggers and provides immunity to RFI and EMI

Push n' Learn™ functionality for customization without the need for tools or a PC

Infrared (IR) transceiver for wireless configuration and control

360 degree PIR coverage

Specifications

General Info

Product Line	Wattstopper	Color	White
--------------	-------------	-------	-------

UPC Number	754182926329	Country Of Origin	China
------------	--------------	-------------------	-------

Dimensions

Product Width US	4.0 in	Product Weight US	0.42 lb
------------------	--------	-------------------	---------

Product Volume US	44.55 cu in	Product Depth US	4.5 in
-------------------	-------------	------------------	--------

Product Height US	2.2 in
-------------------	--------

Additional Information

RoHS Conformant

Yes

DesignLights Consortium Qualified System

Yes

Security

Yes

Product Environmental Profile

Yes
