Shading Systems
Legrand Shading Zigbee Range Extender
Part No. QMOLEEDZRX

The Legrand Shading Systems Range Extender QMOLEEDZRX enhances and extends the range of the Zigbee network, it offers reliable communication between end devices such as Shade Motors or Remotes and the QZHub3 Controller. The Range Extender is easily paired with other Zigbee devices and forms a critical part of a broader Legrand Shading Zigbee communication network. The QMOLEEDZRX plugs into a standard 15A wall socket. A regular 15A pass-through socket outlet is provided for additional convenience – Maximum load 1800W (not for motor loads such as appliances, air conditioners, etc.).

Features & Benefits

Offers reliable communication between end devices such as Shade Motors or Remotes and the QZHub3 Controller

Easily paired with other Zigbee devices and forms a critical part of a broader Legrand Shading Zigbee communication network

Plugs into a standard 15A wall socket

Specifications

General Info

Product Line	Shading Systems	UPC Number	842854000863
Application Sector	Residential		

Dimensions

Product Width US	1.5 in	Product Weight US	2.6 oz
Product Volume US	5.265 cu in	Product Height US	1.3 in
Product Length US	2.7 in		

Technical Information

Input Voltage	120 V
