Wattstopper

DLM Room Controller, 2 Relay, KO, 0-10V dimming, 10A

Part No. LMRC-112

LMRC-110 series room controllers include one or two relay(s) to switch a total of 10 amps, a high-efficiency switching power supply and dual 0-10 volt outputs per relay for control of dimmable loads including compatible LED drivers or electronic ballasts. They are the foundation of a Digital Lighting Management (DLM) system, and allow integration of occupancy sensors, daylighting controls and switches for energy-efficient control.

Features & Benefits

- Push n' Learn™ functionality for personalization without the need for tools or a PC
- On/Off/Dim local override button for each load
- 0-10V signal opens on loss of LMRC power
- Zero-crossing circuitry for each relay for reliability and increased product life
- Digital Lighting Management components plug together on a free-topology Cat 5e DLM local network eliminating wiring errors
- LED indicates status of each load
- 2 RJ45 ports; molded cable tie ring for strain relief

Specifications

General Info

Product Line	Wattstopper	UPC Number	754182938988
Country Of Origin	China		

Dimensions

Product Width US	4.0 in	Product Weight US	0.8 lb
Product Volume US	44.55 cu in	Product Depth US	4.5 in
Product Height US	2.2 in		

Additional Information

RoHS Conformant	Yes	DesignLights Consortium Qualified System	Yes

Security	Yes	Product Environmental Profile	Yes
