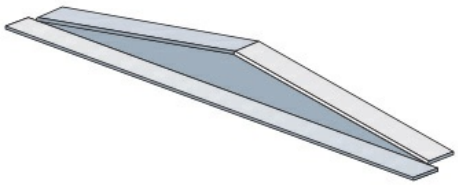
Cablofil
Peaked Cover Transition
Part No. P320195



The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding, Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

Features & Benefits

Material: Aluminum

Specifications

General Info

Product Line	Cablofil	Finish	AL
UPC Number	800388523838	Country Of Origin	Mexico

Dimensions

Product Width US	37.25 in	Product Weight US	1.891 lb
Product Volume US	0.323 cu ft	Product Depth US	3.0 in
Product Height US	4.991 in
