

Wattstopper Accessory mounting plate for LMCP panel interiors Part No. LMCP-AMP

The LMCP panel series is designed to provide 0-10V dimming and switching for the control of building lighting and plug loads. The panels can be networked together to enable automation through out an entire facility.

Features & Benefits

Dimming panels dim 0-10V lighting loads as well as switch lighting and plug loads

Runs scheduled and photocell events autonomously

Compatible with Digital Lighting Management switches, sensors and input devices

Easy setup via LMCT-100-2 handheld configuration tool

Switching panels switch lighting and plug loads

HDR relays include a switch for manual override even when panel is powered off

Native BACnet communications for network control solutions

Specifications

General Info

| | | | |
|-------------------|-------------|------------|--------------|
| Product Line | Wattstopper | UPC Number | 754182937646 |
| Country Of Origin | China | | |

Dimensions

| | | | |
|-------------------|-------------|-------------------|----------|
| Product Width US | 5.0 in | Product Weight US | 1.3 lb |
| Product Volume US | 180.6 cu in | Product Depth US | 10.75 in |
| Product Height US | 3.0 in | | |

Additional Information

| | | | |
|-----------------|-----|----------|-----|
| RoHS Conformant | Yes | Security | Yes |
