

Wattstopper
DLM Dual Tech Corner Mount Sensor, USA
Part No. LMDX-100-U

The LMDX-100 Digital Dual Technology Corner Mount Occupancy Sensor uses both passive infrared (PIR) and ultrasonic technologies to achieve precise occupancy sensing for energy-efficient control of lighting and plug loads. It is a digital sensor, and is part of a Wattstopper Digital Lighting Management (DLM) system.

Features & Benefits

Combines passive infrared and ultrasonic technologies for most comprehensive coverage

Quick access to Push n' Learn for system personalization

IR transceiver for wireless configuration and remote control

Component of Digital Lighting Management integrated control system

Digital sensor with LCD display and programming pushbuttons behind snap-down cover

Compact 2.4" x 3" sensor mounts easily on a wall or ceiling
