

Cablofil Vertical Inside 45 Elbow Part No. P308723

The aluminum I-beam design of ITray is perfect for industrial installations with large diameter cables in long span situations, minimizing total tray width and creating a smooth transition between straight sections and fittings. A structural offset in the sidewall creates strong, mid-span splices that need fewer supports. Each splice snaps in place and stays without holding, Additionally, only four bolts are needed for each splice reducing hardware needs by 50%. These features allow Itray to be installed up to 30% faster than standard tray.

Features & Benefits

Includes splices and hardware

Specifications

General Info

| Product Line | Cablofil | Finish | AL |
|--------------------|-----------------------|-------------------|---------------|
| UPC Number | 800388145955 | Country Of Origin | Mexico |
| Application Sector | Commercial/Industrial | Standard | UL Classified |
