radiant® Incandescent 700W 3-Way Dimmer, Tri-Color
Part No. RH703PTCCC6

Upgrade your space with precise dimming control and exceptional style. This dimmer from the radiant® Collection is optimized for use with incandescent bulbs and fixtures. Made exclusively for use with screwless Wall Plates from the radiant® Collection, sold separately.

Features & Benefits

For use with incandescent bulbs and fixtures on typical residential (and light commercial) wiring. Usable in both single-pole and 3-way applications. Low-profile paddle switch offers smoother On/Off control, while a separate, ergonomic slider allows you to adjust light levels with precision.

Locator light illuminates when switch is off, emitting a soft glow to help you find it in the dark. Constant memory features returns lights to their previous level after a power failure or outage.

Features durable, high-impact resistant thermoplastic construction. More color options available to fit any style, including finishes to match current hardware and lighting trends.

Complete the look with a sleek, screwless radiant® Wall Plate, and coordinate with other designer switches and outlets available from the radiant® Collection. Screw pressure plate back wire allows easier installation and fit into the wall box

Eliminates the need to derate LED bulbs when in multi-gang situations. For covering patents, see www.legrand.us/patents.
