

The RT-200 Astronomical time clock and timer switch automatically turns lighting or other loads on and off according to user programming. It replaces standard single-pole wall switches for energy savings and security.

Features & Benefits

Turns lights on and off relative to dusk or dawn, or at selected times of day on selected days of the week

Shipped in default 2 hour countdown time, easily changed to other lengths or none.

Includes eight programmable control schedules

Bright OLED display for clear viewing from a wide angle

Ideal for any application where precise time-based control is desired

Ideal for meeting California Title 24 Residential Exterior Astronomical Time-Switch with max 6 hour countdown requirement

Specifications

General Info

Product Line	Wattstopper	Color	Black
UPC Number	754182918515	Country Of Origin	China
Features	Single Display, Timer	Switch Type	Push
Application Sector	Commercial	Warranty Type	5-Year

Dimensions

Product Width US	2.0 in	Product Weight US	0.35 lb
Product Volume US	27.84 cu in	Product Depth US	4.5 in
Product Height US	2.25 in		

Additional Information

RoHS Conformant	Yes	DesignLights Consortium Qualified System	Yes
