

Wattstopper Wire Cage for Wall Mount, for CB/CI/DT sensor

Part No. WC-1

Wattstopper protective wire cages enclose our occupancy sensors in a safe cage that prevents the units from being tampered with or damaged. The cages use a strong, durable, web-like design and are constructed with 3/16" coated steel wire. They are ideal for installation in gymnasiums, racquetball courts, classrooms and other institutional facilities, or any area susceptible to vandalism. They are low in cost and simple to install. By protecting occupancy sensors from damage, they also reduce maintenance costs.

Features & Benefits

Helps prevent occupancy sensors from being tampered with or damaged Constructed from strong, durable coated steel wire Simple installation
