radiant Collection radiant® Tamper-Resistant Sensitive Appliance 15A Duplex Self-Test GFCI Receptacles with SafeLock® Protection, White Part No. 1597TRAPLW

Specifically designed for use with large and/or stationary appliances like refrigerators, dishwashers and washing machines, this GFCI outlet provides dedicated power and superior ground-fault protection while also limiting the nuisance tripping often caused by variable motor drives. Like all GFCI electrical outlets and plugs from the radiant® Collection, this device self-tests every three seconds for reliable safety and protection you can trust. Meeting the National Electrical Code requirements for ground fault protection in the home, GFCI wall outlets also make it easier to fix trips right where they happen - no more confusion or running to the breaker box. GFCI protection is required by code in bathrooms, kitchens, garages, basements, outdoor areas, and for any other outlets found within six feet of a sink or water source. GFCI outlets should always be used when replacing existing GFCI outlets during renovation. Made exclusively for use with screwless Wall Plates from the radiant® Collection, sold separately.

## Features & Benefits

Protects against shock caused by ground-fault occurrences. Unlike breaker alternatives, GFCI receptacles make it easier to fix trips with a reset button right on the device	Designed for dedicated use with large and/or stationary appliances, this GFCI outlet limits tripping caused from variable-speed drives	
Conducts an industry-leading automatic self-test every 3 seconds. If the device ever fails, the indicator light flashes to signal it should be replaced	Equipped with proven SafeLock protection feature: if critical components are damaged and protection is lost, power to the outlet is disconnected	
Replaces a traditional outlet easily, in as little as 10 minutes	Extends GFCI protection to "downstream" outlets when used with feed-thru wiring configuration. Note: Will cut power to face and downstream outlets if wired incorrectly	
Protects children with a patented tamper-resistant shutter system that prevents improper insertion of foreign objects, complete with "invisi-shutters" for an invisible effect	Complete the look with a sleek, screwless radiant® Wall Plate, and coordinate with other designer switches and outlets available from the radiant® Collection	

## Specifications

invisible effect

## General Info Product Line Pass & Seymour Replaced by Part Number White Color Finish Matte GFCI, Indoor, Residential, Country Of Origin China Outlet Type Self-Test, Tamper-Resistant Residential/Commercial Standard RoHS, cULus Application Sector Warranty Type 1 Year from Day of Sale GFCI, Tamper-Resistant Type Dimensions Product Width US 1.73 in Product Depth US 1.03 in Product Height US 4.2 in Listing Agencies / 3rd Party Agencies cULus Listed Yes Additional Information **RoHS** Conformant Yes Product Has Potential to Contribute to LEED Yes Technical Information

Is Tamper-Resistant	Yes	Amperage	15 A
Is Weather Resistant	No	Indoor/Outdoor	Indoor
Wattage	1875 W	NEMA Configuration Code	5-15R
Voltage	125.0 V
