

QIS Wired Wall Switches are available in single-channel and multi-channel options to provide in-wall, wired control of QIS shades.

Features & Benefits

Provide wired control of up to 200 QIS shades per switch	Available in single-channel and multi-channel options
Available in single and dual switch form factors	Dual switch requires single connection
Default preset options are set at 33% and 66% based on the lower limit	Powered via Cat5e/6
Requires QIS Power and Communication panel for operation	Note: The QIS panel, shades, and switches do not support a PoE (Power over Ethernet) wiring or power scheme

Specifications

General Info

Product Line	Shading Systems	Application Sector	Residential
Standard	FCC, IC, CE, RCM, RoHS		

Dimensions

Product Width US	2.7 in	Product Height US	1.0 in
Product Length US	1.3 in		

Additional Information

Product Has Potential to Contribute to LEED	Yes
