

Wattstopper Digital Dual Tech 2-Button Wall Mount Sensor w/Infrared, Grey Part No. LMDW-102-G

LMDW-100 Series Digital Dual Technology Wall Switch Occupancy Sensors use PIR and ultrasonic technology to detect occupancy for energy-efficient control of lighting and plug loads. They also include one or two switch buttons for manual control of selected loads, and are part of a Wattstopper Digital Lighting Management (DLM) system.

Features & Benefits

2-button Digital Dual LMDW-100 Series Digital Dual Technology Wall Switch Occupancy Sensors use PIR and ultrasonic Technology Wall Switch Occupancy Sensor technology to detect occupancy for energy-efficient control of lighting and plug loads. They also include one or two switch buttons for manual control of selected loads, and are part of a Wattstopper Digital Lighting Management (DLM) system.

Dual Technology sensor with On/Off button(s) to switch selected load(s) Component of Digital Lighting Management integrated control system

Quick access to Push n' Learn for system personalization Digital sensor with LCD display and programming pushbuttons

IR transceiver for wireless configuration and remote control Plug to other components using Cat 5e cables with RJ45 connectors eliminating wiring errors

Specifications

General Info

Product Line Wattstopper Color Gray

UPC Number 754182932405 Country Of Origin China

Number of Switches 2

Dimensions

Product Width US 2.0 in Product Weight US 0.3 lb

Product Volume US 22.52 cu in Product Depth US 2.24 in

Product Height US 4.49 in

Additional Information

RoHS Conformant	Yes	Security	Yes
-----------------	-----	----------	-----

Product Environmental Profile	Yes
-------------------------------	-----

Technical Information

Sensor Type	Occupancy	Number of Buttons	2
-------------	-----------	-------------------	---

Amperage	20 mA	Indoor/Outdoor	Indoor
