radiant® Spec-Grade 20A Tamper-Resistant Self-Test GFCI Receptacle (NAFTA-Compliant)

Features & Benefits

The indicator light flashes if the device fails the self-test, signalling that the GFCI should be replaced.

High-impact-resistant, thermoplastic construction for superior strength and durability

Complete the look with a sleek, screwless radiant® Wall Plate, and coordinate with other designer switches and outlets available from the radiant® Collection.

Tamper-resistant automatic shutter system prevents young children from inserting common household objects.

GFCI works with the existing three-wire PlugTail connectors creating a non-feed thru application for facility owners. At rough-in, just install the same right-angle connector for GFCI and receptacle openings.

Specifications

General Info

Product Line	Pass & Seymour	Replaced by Part Number	
Color	Light Almond	Country Of Origin	Mexico
Number of Receptacles	2	Outlet Type	GFCI, Indoor, Residential, Tamper-Resistant
Application Sector	Residential/Commercial	Standard	cULus, UL Listed, FSUL
Warranty Type	1-Year Limited Warranty		

Dimensions

Product Width US	1.73 in	Product Depth US	1.03 in
Product Height US	4.2 in		

Listing Agencies / 3rd Party Agencies

cULus Listed	Yes

Technical Information

Is Tamper-Resistant	Yes	Interrupt Rating	4 A

Frequency Rating	60 Hz	Trip Range	5±1 mA
Connection	Built-in Connector	Number of Gangs	1
Amperage	20 A	Mounting Type	Box
Voltage	125.0 V	Environmental Conditions	95% Humidity, UL 94 V2
