

Tamper-Resistant Construction Spec Grade Single Receptacles, Back and Side Wire, 15A, 125V

Features & Benefits

Dual mechanical shutter system to help prevent insertions of foreign objects, strap locked in to face and back body to resist pulling away from face/body assembly.

Corrosion-resistant plated steel strap is locked in to the face and back body to resist pulling away from the face and back body to resist pulling away from the face/body assembly.

Easily accessed break-off line-contact connecting tab for fast and easy split-circuitwiring.
