LIGHTING PROJECT PLANNER

WELCOME TO THE ADORNE COLLECTION, A MODULAR LIGHTING CONTROL AND CHARGING SOLUTION FOR YOUR HOME. THIS ISN'T YOUR ORDINARY SWITCH OR PLUG – CHOOSE FROM A RANGE OF INNOVATIVE ON/OFF, DIMMING, AND CHARGING OPTIONS, THEN SELECT A WALL PLATE TO COMPLEMENT YOUR DÉCOR.

UNDERSTANDING GANG COUNT

Gang count typically refers to the width of your current electrical box and cover. A single switch or a stacked outlet are generally 1-gang configurations. Two side-by-side switches or dimmers are generally 2-gang configurations. You get the idea. If you have any questions, just take pictures of what you currently have to share with your showroom rep along with this completed document.

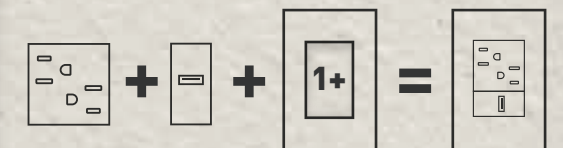

ALSO AVAILABLE IN 4, 5 AND 6-GANG WALL PLATES

ADD A USB

TO YOUR NEW OUTLET OR SWITCH

HOW IT WORKS

You can easily add a USB outlet to most of our switches, dimmers or outlets without changing your existing wall box – just select which device you'd like to pair it with and select a 1-gang+ wall plate.

designed to be better.™

It looks a little more complicated than it actually is.
Truth is, your showroom associate just needs to know what you currently have, what you'd like, and your specific design preferences. Return the Lighting Project Planner to your showroom associate when complete.

Select which device you'd like to replace it with:

MyNotes:

PADDLE WHISPER SOFTAP TOUCH MOTION SENSING DIMMER WI-FI READY PADDLE FAN SPEED CONTROL

The image shows three icons for different types of tamper-resistant locks. The first icon is labeled 'USB' and shows a USB symbol above a lock icon. The second icon is labeled 'POP-OUT' and shows a lock with a handle that can be pushed out. The third icon is labeled 'TAMPER-RESISTANT' and shows a lock with a handle that has a small hole in the center.

The diagram shows the back of the device with two ports. On the left, labeled 'USB', is a port with a USB symbol above it. On the right, labeled 'NIGHTLIGHT', is a port with a square symbol above it.

WHITE MAGNESIUM

The image shows two vertical panels of paint. The left panel is labeled 'WHITE' and shows a light, off-white color. The right panel is labeled 'MAGNESIUM' and shows a dark, charcoal grey color. Both panels have a small circular mark near the top center.
