

Pass and Seymour  
Discontinued - Commercial Long Range Occupancy Sensor, White  
Part No. WA90

Long Range  Sensor, Passive Infrared, 24volt DC, White

## Features & Benefits

Detection Signature Analysis provides high immunity to RFI and EMI.

2 coverage patterns to choose from.

Wall mount or ceiling mount.

Adjustable sensitivity settings.

Digital time delay from 15 seconds to 30 minutes.

Dual-element, temperature-compensated pyroelectric sensor.

LED occupancy detection indicator.

Compatible with 120VAC or 277VAC, 60 Hz lighting systems.

Class 2 low-voltage device.

Positive detection indicator.

cULus listed.

5-year warranty.

For covering patents, see [www.legrand.us/patents](http://www.legrand.us/patents).

## Specifications
