Plexo

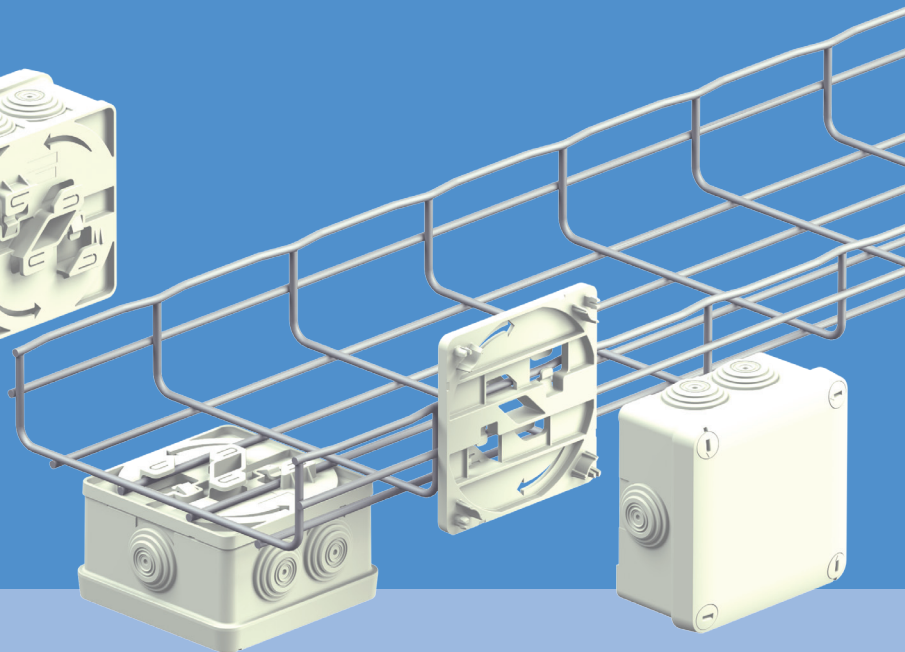

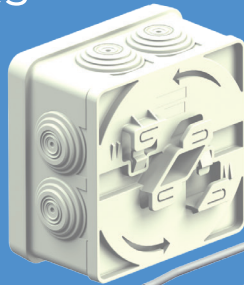

The perfect junction box for Cablofil tray!

 **legrand**[®]

Cablofil

Plexo Junction Boxes

Legrand/Cablofil brings you a junction box that can be directly installed on the sides, bottom or corner of any CF series Cablofil tray. It's fast and secure – attachment only requires a 45° twist and uses no special hardware. Available in 2 sizes, PLEX03 and PLEX04 junction boxes features quality plastic construction and membrane glands for quick and secure cable attachment without the need for cable connection hardware.

Fast

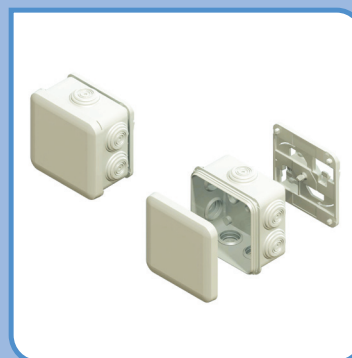

- 45° twist-on attachment to any Cablofil tray
- Membrane glands make for quick cabling attachment
- No additional hardware needed

Safe

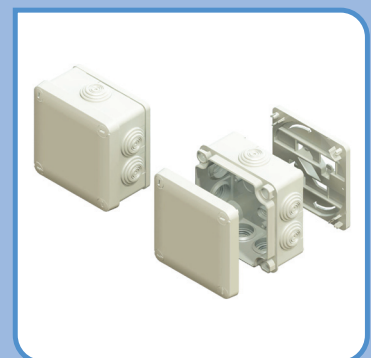

- Excellent impact resistance (IK07)
- Plastic construction is self-extinguishing (1200°F)
- Halogen Free formula

Strong

- Premium quality plastic construction (Plexo box IP55 maintained)
- Twist on design securely locks Plexo to any CF Cablofil tray
