

APPLICATIONS

CPWPE/CPWSE Widebody Extension Series is designed as an infinite adjustable support for equipment or where weight loading is a factor. Use for:

- Wire mesh and ladder cable pathways
- Gas and refrigeration piping systems
- Electrical conduit
- Multiple lines

FEATURES

- Height adjustable
- For support of cable pathways with varying heights
- Base includes two (2) 1/2" Electro zinc threaded rod risers and FAS Profile or channel
- Install on any roofing material
- Supports are available in three finishes
- Widebody design has maximum load of 500 lbs
- Provides 5 times the surface area to minimize roof material pressure, increase load capacity and provide over 120 square in/ft for glue application.
