# Split Circuit Receptacles PlugTail™ Devices Spec Grade 15 & 20A, 125V

PT5262SC, PT5362SC, PT26262SC, PT26362SC

**PlugTail™. The fastest,  
most consistent and reliable  
wiring devices – ever.**

The PlugTail Split Circuit device is a PlugTail duplex receptacle that can be wired for two separate circuits. These receptacles are pre-wired with a welded second hot lead to provide split circuit capability. Both duplex and Decorator style are available, and both continue to accept the standard PlugTail connector.

Factory-terminated devices and connectors mean that device installation is the same regardless of skill level of the installer. The UL-Listed connectors are keyed to ensure proper wiring installation into each receptacle. The connector simply snaps into the back of the device – no fussing with wires, stripping, or tightening screws. PlugTail devices are finger safe with no exposed terminals, so taping is not required. Now device installation is a snap!

## FEATURES & BENEFITS

**Built-in connector** features large brass terminal blades to ensure consistent, reliable electrical connections.

**No exposed terminals** create a finger safe application before, during, and after installation.

**Auto-ground clip** assures positive ground.

**Large brass contacts** snugly terminate on device blade terminals. Audible snapping latch assures connection, allows release.

**.036 inch thick, brass, triple-wipe power contacts** for lasting retention.

**Ultrasonically welded polycarbonate connector housing** secures terminations and conductors in a UL Listed, finger safe housing.

**Three drive screws anchor strap** to back body and face.

**Pre-stripped connector leads** fasten to conductors, easier than standard pigtails.

PT5362SCI

**Plated steel wrap strap design** for maximum durability and corrosion resistance.

**Pre-wired with one welded pre-stripped wire lead** to facilitate switched receptacle circuit applications.

## FIELD USES/VERTICAL MARKETS

- Pre-Fabrication
- Institutional
- Hospitality/Lodging
- Multiple Dwelling

## Split Circuit Receptacles

### Spec Grade 15 & 20A, 125V

#### TECHNICAL SPECIFICATIONS

#### 3rd Party Compliance

cULus Listed, File Number E140596, Standard UL498.  
Federal Specification WC596.  
Conforms to NEMA WD-1 and WD-6.

#### Performance

##### Electrical

Dielectric Voltage	Withstands 2000V minimum
Maximum Working Voltage	125V
Current Interrupting	Certified for current interrupting at full-rated current (receptacle only)
Temperature Rise	Maximum 30° C temperature rise at full-rated current after 50 cycles of overload at 150% of rated current with direct current

##### Mechanical

PlugTail Connector Identification	#12 AWG, THHN, copper conductor, 6" leads, stripped, solid or stranded, for use with PlugTail Receptacles only
Product Identification	Ratings are a permanent part of the device

##### Environmental

Flammability	UL92 V2
Operating Temperature	Maximum continuous +60°C to, minimum -40°C without impact

#### PlugTail Receptacle Materials

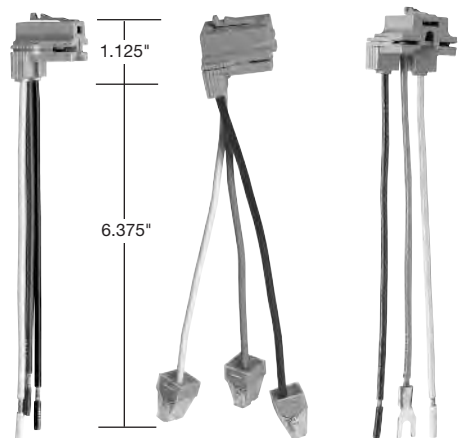

Face	Nylon	Line Contacts	.036 688 Brass
Integral Ground System	.036 260 Brass	Auto Ground Clip	Steel
Back Body	PVC	Mounting Strap	.042 Zinc-Plated Steel
Assembly Drive Screw	Zinc-Plated Steel	Mounting Screws	Tri-Drive Steel

#### PlugTail Connector Materials

Housing	Polycarbonate	Contacts	.030 Brass
---------	---------------	----------	------------

#### Warranty

1 Year

PTR6A6STR PTR6A6STRBP PTR6A6STRG

## COMPLEMENTARY DEVICES & ACCESSORIES
