

Single Switch

For use with WI, WS and WA series Automatic Wall Switch and TS series Digital Time Switch.

Manual Bi-Level Switch

For use with WI, WS and WA series Automatic Wall Switch and TS series Digital Time Switch when mastering two loads. Use proper adapter plate.

3-Way Application

For use with WI, WS and WA series Automatic Wall Switch and TS series Digital Time Switch.

*When these switches are wired in a three-way wiring configuration they will only operate as three-way switches if they are left in automatic mode. If one switch is turned off, the lights will not come automatically on until that switch is turned back to the automatic position. We recommend other control options for multi-way switching applications.
