

WIREMOLD®

EVOLUTION™ SERIES 10" POKE-THRU DEVICES

WIDE OPEN CAPABILITY FOR WIDE OPEN SPACES.

Proof that bigger and better go hand in hand. The Evolution™ Series 10" Poke-Thru offers more flexibility, versatility, and capacity than any other poke-thru device on the market.

In offices, hospitals, government buildings, and in all of the spaces where we live and work, clients are demanding more: more power, more communications, and more A/V. The Evolution Series 10" Poke-Thru is ready to meet that demand.

Smarter Design: An easier to use cover available in 8 finishes.

Easier Installation: No junction box required.

Larger Capacity: An industry first 8-gangs of capacity.

Greater Trust: UL Listed and fire classified.

Recessed Devices

No Junction Box Required

Innovative Cover Assembly

FEATURES & BENEFITS

- **Largest capacity poke-thru devices on the market.** Evolution Series 10" Poke-Thru Devices provide up to eight (8) gangs of power, communication, or A/V capacity.
- **Recessed devices.** Power, communication & A/V devices are recessed below floor level for maximum protection.
- **Internal wiring capacity.** Generous internal capacity accommodates wiring connections inside the unit, eliminating junction boxes and simplifying moves, adds and changes.
- **Improved cover design.** Covers have been redesigned to give a more balanced look, easier cover operation, and improved hinge design.
- **Auto-close egress doors.** Egress doors lock into position when slid open and automatically close around cables when the cover is closed.
- **Meets ADA Accessibility Guidelines.** Wide trim flange is designed to meet the ADA Accessibility Guidelines ADA Standard 4.5.
- **Suitable for use in air handling spaces.** In accordance with Sec. 300-22(C) of the National Electrical Code.
- **UL Listed and UL Fire Classified to U.S. and Canadian safety standards.** UL Fire rated for up to 2-hour rated floors maintains the fire classification of the floor.
