

## FUNCTIONALITY, FLEXIBILITY & CAPACITY WITH STYLE

The Evolution™ Series evolves with the addition of the new Evolution Series Hinged Wall Box. These boxes offer a clean look that architects love with all the functionality and flexibility that engineers and contractors require.

Evolution Series Hinged Wall Boxes include a finished interior in 4- and 8-gang versions, with a decorative, hinged, locking cover that is paintable to blend with any decor.

Evolution Series Hinged Wall Boxes work in both new work and old work applications. These boxes are easily configured and/or reconfigured when needed. They're designed to accept most manufacturers' power, communications, and A/V devices, while having the depth behind device mounting plates to accommodate even the largest A/V devices.

Evolution Series Hinged Wall Boxes are ideal solutions for hotels, hospitals, lecture halls, conference rooms, entertainment venues, and airports.

The Evolution Series Hinged Wall Boxes come with a host of smart features. Available in both 4- and 8-gang configurations, designed for maximum capacity.

**Exclusive features and benefits include:**

**New work and retrofit applications.**

Evolution Series Wall Boxes are designed to be installed in both new work and old work installations, saving time and money on the job site.

**Built-in Tunnel & Feed-through capability.**

Allows service feeds to be fed through the box, reducing the number of feeds required to reduce installation time.

**Fully finished painted interior**

Finished interior eliminates the industrial look for upscale installations, while increasing visibility, making it easier to locate, wire and plug in devices.

**Multiple knockout sizes.**

All of the Evolution Series Wall boxes can accept service feeds from 3/4" trade size up to 2" trade size. These knockout plates are removable and interchangeable, providing the most flexibility and configurability options possible.

**Accepts standard size wall plates.**

Wall boxes are designed to accept standard size device plates. Standard plates simplifies ordering and installations.
