

SNAP CLOSE CONDUIT TO CONDUIT CLAMP

CCP16812M | [Cablofil](#)

FEATURES & BENEFITS

Most of our conduit clamps feature a spring steel design with self-locking jaws that secure conduit to strut, metal studs, I-beams and drop wires. Many of those clamps hammer on without the need for additional hardware. Every Legrand clamp is designed to install with speed and efficiency and are boxed in quantity.

- No screws or bolts required
- Fast and easy assembly for lightweight loads
- Secure snap close design grips conduit securely
