
EZE-FAB™, 16" TELESCOPING BOX BRACKET

EZE16C | [Cablofil](#)

FEATURES & BENEFITS

Available in preconfigured combinations that satisfy the majority of commercial rough-ins, these assemblies reduce the time you waste on repetitive work in the prefab shop or on the job site.

Arriving pre-assembled in the most commonly used configurations and optionally prewired with our PlugTail switch or receptacle connectors, EZE-Fab prefab assemblies give you a faster, easier and more consistent install on any project.

- Openings allow for easy box mounting to the stud.
- End tabs easily fold to fit multiple box depths.
- Pre-galvanized for long lasting finish in interior applications.
- Sized to fit either 4" square or 4-11/16" boxes.
- Offsets of 1-1/2" and 2-1/8".
- Quick and easily field fabrication for octangular standard box depths.
- Sold in boxes of 10.
- Spend less time in your prefab shop or on the job site with prefab assemblies .
