
19"EIA SNAP-IN BLANKING PANELS - PACK OF 10, BLACK

BPP-1RU-10, BPP-2RU-10 | [Electrorack](#)

FEATURES & BENEFITS

Fits in 0.375" square, tapped or round hole 19" EIA equipment rails

- Fits in 0.375" square, tapped or round hole 19" EIA equipment rails
- No field modification required to re-locate between rail styles
- Work on rail thicknesses from 0.074" (typical server rack) - 0.187" (typical open 2-post rack)
- Rear edge ridges on panel help prevent air gaps between panels
- Available in 1U or 2U form factors
- Sold in packs of 10 panels
