
DIGITAL MODULATOR

364458-01 | [On-Q](#)

FEATURES & BENEFITS

modulates an auxiliary video source such as front door security camera or DVD player, to be broadcast on available television channels (65 - 95 or 100-125). Digital tuning eliminates channel drift, and the loop-through jack allows multiple modulators to be ganged together. Compact design allows the modulator to be mounted on entertainment center shelf or in enclosure with optional On-Q Digital Modulator Bracket. Stereo audio source is summed to mono via an 1/8 Stereo Audio Jack. 3.75L x 3W x 1.1H.

- Digital tuning eliminates channel drift
- Compact design
