### FEATURES & BENEFITS

#### [DISCONTINUED]

Momentum 6 modular fiber optic pre-terminated cassettes provide the same rapid deployment as our Momentum 2 and Momentum 4 products in an even higher density capability. The rugged metal housing offers additional durability and integrated bend limiting considerations to assure optimum optical performance.

- Made of light weight rectangular steel tubing:**Reduces floor load and is easy to install and maintain.
- Steel meets stringent specifications for yield and tensile strength:**Assures a strong,lightweight product that easily supports and delivers overhead cable.
- Tubular cross slats are welded to the top of stringers and feature rounded edges:**Cable protection.
