
QI WIRELESS CHARGER, 10W OUTPUT

54288 | [C2G](#)

FEATURES & BENEFITS

The Qi Wireless Charger is a high performance charging system designed to rapidly charge your Qi-enabled device. Simply set it on the charging pad and provide up to 10W of power for high-speed charging of Samsung®, Apple® iPhone® and other compatible devices — making it an ideal solution for home and office desktops.

This charger has a gripping pad on the bottom for secure placement on your desk and a round non-slip ring on top to hold your mobile device firmly in place, while the angled surface provides a convenient viewing angle of your device's screen. A blue LED indicator lets you know when your device is charging and once the device is fully charged, the LED indicator will turn red. The charger will work through most cases, so there is no need to remove the case from your mobile device.

- Compatible with Qi enabled devices
- 10W max output
- Gripping pad
- Non-slip ring
- Slanted charging surface
- Intelligent two-color LED indicator
- Case friendly design

SPECIFICATIONS

Electrical Specification

Input Power: Micro-USB: 5V/2A or 9V/1.67A

Output Power: 5V/1A or 9V/1.1A

Physical Specifications

Operating Temperature: 0°C to 35°C; 10-80% RH

Storage Temperature: 20°C to 85°C; 5-95% RH

Physical Characteristics

Connector 1: USB Micro-B Female

Material: ABS Plastic

Dimensions: 63.4 x 30 x 54mm (LxHxW); Radius 100.0±0.2mm
Regulatory Compliance: CE marked and complies to FCC standards

Warranty: 3 years

GENERAL INFO

Color: Black

Type: Devices
