# SPLICE, PANEL, 3"W X 9'L QTY 1

CFSP3108 | Legrand

FEATURES & BENEFITS

Contain-IT FLEX was designed to maximize efficiency while creating a predictable operating environment, ensuring maximum reliability of the equipment. The solution prevents bypass airflow and recirculation through enclosing either the hot or cold aisle of a data center.

The splice panel is used to connect two separate containment panels together, either in a horizontal or vertical installation.
