## TRULINK®; COMPONENT VIDEO TO HDMI®; CONVERTER

40240 | [C2G](#)

---

### FEATURES & BENEFITS

The TruLink Component Video to HDMI® Converter is the right solution for connecting a component video source to newer monitors or TVs that do not have a component video input. With an added dual RCA audio connection, enjoy high definition video and stereo audio. The converter is simple to use with no software or drivers required. Simply connect the converter and begin enjoying HDMI content on your display.

- Display mode up to 1080P @ 60Hz
- Plug & Play, no other software required
- Quadruple 24 bit RGB
- Support stereo audio through HDMI® output

Supported resolutions:

- 480I @ 60Hz
- 576I @ 60Hz
- 480P @ 60Hz
- 576P @ 50Hz
- 720P @ 50Hz
- 720P @ 60Hz
- 1080I @ 50Hz
- 1080I @ 60Hz
- 1080P @ 60Hz
