

6FT DISPLAYPORT™ MALE TO HD MALE ACTIVE ADAPTER CABLE - 4K 60HZ

50194 | [C2G](#)

FEATURES & BENEFITS

The DisplayPort Male to HD Male Active Adapter Cable allows you to connect the DisplayPort output of a computer to a display which accepts an HDMI input — making it an ideal solution for the office or work space applications.

The cable form factor of this adapter provides a user-friendly solution that eliminates the need for a separate adapter and cable, reducing possible failure points.

This cable is a simple plug and play solution and carries an active video signal, supporting high-definition resolutions up to 4K (4096 x 2160 at 60hz), allowing it to deliver a high quality video image to the connected display.

- Support for resolutions up to 4K (4096 x 2160 at 60hz)
- Cable form factor of adapter
- Active DisplayPort 1.2 to HDMI 2.0 conversion
- Support for HDCP 2.2 and 3D video
- Plug and Play
