
8IN ONE HD15 VGA MALE TO TWO HD15 VGA FEMALE Y-CABLE

25246 | [C2G](#)

FEATURES & BENEFITS

With this splitter cable, you can easily share video presentations across two displays. It splits the VGA signal to provide simultaneous display of the same picture on two displays. Makes connecting two monitors a snap! Ideal for splitting the signal at short distances. Maximum resolution is VGA (640 x 480 pixels).

Please Note: VGA provides a screen resolution of 640 x 480 pixels. Not sure what resolution you need? See our [VGA resolution guide](#).
