
100FT 18 AWG BULK SPEAKER WIRE

40530 | [C2G](#)

FEATURES & BENEFITS

This cost-effective wire provides maximum sound for your dollar. Clear PVC jacket with white marker enables easy polarity identification. The high strand count offers maximum flexibility for easier installations. For the two 18 AWG conductors, each conductor is manufactured from 3 bundles of 24 copper strands. Cross section of the wire is 0.10in x 0.20in.
