The radiant® collection is a step up from the standard with simple, classic options in wiring devices, home automation controls and screwless wall plates that complement today’s homes.

This sensor replaces a standard light or fan single pole switch and is ideal for bedrooms and baths. Includes three interchangeable face plates.

radiant® Screwless Wall Plate not included.

- Automatically turns lights ON when someone enters a room and OFF when they exit. Features three settings: Automatic-ON, Manual-ON, and Selectable Auto/Manual ON for more flexible control.
- Adjustable time delay of 30 seconds to 30 minutes.
- Low-profile styling with uniform color-matched lens and device.
- White LED glows when OFF for easy location in the dark.
- Works with most common residential lighting types; no neutral required.
- Coverage: 180 degrees, max. 600 ft.² (56m²)
- Supported load types: Incandescent, LED, fluorescent, compact fluorescent (CFL), magnetic low-voltage (MLV) and electronic low-voltage (ELV), 1/6 hp.
- For covering patents, see www.legrand.us/patents.
