
880MP MODULINK MULTI-SERVICE RECTANGULAR FLOOR BOX

880MP2 | [Wiremold](#)

FEATURES & BENEFITS

The Modulink Nonmetallic Floor Box from Walker Systems provides power and communication services directly to the workstation or to any open space location. The Modulink Floor Box is a gangable box that allows a one-gang floor box to easily be turned into a two- or three-gang box simply by ganging together individual boxes. This floor box has many applications, some of which are commercial offices, retail stores, malls, financial and government institutions.

- **2" [51mm] conduit openings.** Provides the largest conduit feed in the industry. Meets customer requirements for greater communication cable capacity.
- **Conduit reducers and plugs provided.** Allows direct reduction from 2" to 1 1/2" or 1 1/4" [51mm to 38mm or 32mm]. Reduces installation time by providing direct reduction and separate plugs by eliminating the need to cut out plugs to form reducers.
- **Ratchet adjusting ring.** Allows connection of cover flange without glue or mechanical fasteners. Reduces installation time and cost by providing 10° of post-pour adjustment of the cover flange.
- **Modular design and gangability.** One SKU to order boxes, with the ability to configure boxes as needed on the job site.
- **Pass-through capability.** Can feed multiple gangs from a single cable feed location. Reduces total installation time.
- **Depth markings on exterior of the box.** Makes floor box depth calculations quick and easy. Reduces installation time and labor costs.
