

CHARGING STATION WITH AREA LIGHT

XCSLF | [Wiremold](#)

FEATURES & BENEFITS

Charging Station with Area Light is a charging station with an LED light to eliminate the need for a stand-alone bollard. Perfect for use as pathway lighting in educational, corporate and recreational applications.

- **Charging & Illumination** - Combine power with area lighting in one pedestal to maximize functionality of outdoor spaces.
- **2- or 3-Gang Options** – Customize the station with two or three gangs of devices to meet your facility's unique needs. Prewired versions include weather-resistant GFCI outlets and 4-port USB outlets. Also available unwired.
- **Outdoor-Rated Construction** – Rugged aluminum form designed for durability in all weather conditions. UL listed to NEMA 3R requirements to ensure optimal performance.
- **Durable, Premium Finishes** – Available in three outdoor-rated finishes to complement your space design. Choose from black, bronze or silver.
- **A/V & Communication Compatible** – Add an A/V-Communication Kit to 3-gang versions to accommodate Wiremold AVIP plates as well as decorator A/V or communication devices. Enables pedestal to support outdoor presentation areas and classrooms, eliminating the need to bring cables from inside a building.
- **Device Shelves** – Add up to two pairs of shelves to hold mobile devices while charging.
- **Door Options** – Interior illuminates when door is open. Replace standard color-matched door with a transparent version to make devices inside more visible. Or, select a lockable door for added security or to ensure use is limited to facility personnel.
- **ADA Compliant** – Meets all specifications for ADA guidelines, including unobstructed reach requirements.
