## 2400D DIVIDED RACEWAY

2400D | [Wiremold](#)

---

### FEATURES & BENEFITS

2400D Divided Steel Raceway is a low profile steel raceway for use where a limited number of power and low voltage cables are required in the same raceway. Ideal for use anywhere a small low profile raceway is needed, including classrooms, offices and hotel applications.

- **FiberReady 2" [51mm] fiber optic fittings.** The FiberReady Series of corner and tee fittings are UL verified for a 2" [51mm] bend radius and exceed the recommendations of EIA/TIA 569A. These fittings provide cable protection in both lay-in and pull-through cable installations.
- **Steel raceway.** Provides superior strength for any dry location.
- **Dual-compartment, attractive low profile raceway design.** Provides functionality and flexibility with aesthetics for dual service applications.
- **Ivory ScuffCoat finish.** Tough durable ScuffCoat finish makes a scratch-resistant surface that can be painted.
- **Complete line of fittings.** Provides complete wiring solution and allows for interconnection between raceway systems.
- **Inline field-configurable receptacles.** Receptacles can be installed at any point along the raceway without a box.
- **Inline 106 frame data outlet.** A wide variety of data modules can be installed anywhere along the raceway run without a box.
- **Single- and dual-gang device boxes.** Now you can wire devices into the raceway system, making a V2400 System an excellent choice for communication wiring.
- **Over the raceway boxes.** Provides tremendous labor savings. Boxes mount over continuous run of raceway base eliminating the need to cut raceway when locating devices.
- **Datacom connectivity options.** Accepts industry standard and proprietary devices from a wide range of manufacturers to provide a seamless and aesthetically pleasing interface for voice, data, audio, and video applications at the point of use.

### SPECIFICATIONS

## GENERAL INFO

Product Series: 2400

Component Type: Raceway Base & Cover

## TECHNICAL INFORMATION

Material: Steel

Capacity: Dual-Channel

## BUY AMERICAN ACT COMPLIANCE

Country Of Origin: MULTIPLE

Buy American Act Status: Exception

Note: While most parts within this series comply with the BAA's Country of Origin requirements, some do not. For a complete list of all parts and their respective Country of Origin, refer to the "Series Part List-COO" under "Supporting Documents" on the "Resources" tab.
