

The LCS3 patch panel has been designed and produced to optimize space, with up to 48 ports per unit and to make maintenance and future upgrades easier. It features a quick eject system for loading and unloading a cassette from the front of the rack, and an innovative cable guiding system for tidy and easy cable management. Accepts HDJ (UTP), HDJS (FTP), HDFM, and HDJ AV connectors.

NOTE: All panels and cassettes are sold unloaded, HDJ connectors sold separately

Features & Benefits

- Innovative Modular Cassette System:** Cassettes pop out with a single push of a finger
- Fast Push-Button Ejection:** Cassettes eject from the front of the rack for quick access to remove jacks and access cables.
- Front Loading Access:** Keep cables organized with the cable fingers
- Cable Management**
- Captured screws:** To easily indicate category and media type
- Label fields:** Mix and match capabilities allow for shielded and non shielded cables in one patch panel
- Integrated grounding:** Steel frame to ensure durability
- Robust solution:** Comes ready to install straight out of the box
- No Assembly Required**

Specifications
