

Proof that bigger and better go hand in hand: Evolution Series 10" Poke-Thru Devices offer more capacity, flexibility and versatility than any other poke-thru device on the market. In offices, hospitals, government buildings, schools and universities – in all of the spaces where we live and work – clients are demanding more: more communications, more A/V and more power. Featuring eight-gangs of capacity, redesigned and easier to use covers, recessed connections below floor level, and enough internal wiring capacity to eliminate the need for a junction box – Evolution Series 10" Poke-Thru Devices are ready to meet that increased demand.

## Features & Benefits

Exterior-gang blanking assembly. Designed to blank off one (1) of the four (4) exterior gang compartment locations.

## Specifications

### General Info

Product Line	Wiremold	UPC Number	786564087533
Country Of Origin	United States	Construction	Unassembled
Application Sector	Commercial	Standard	cULus Listed Metallic Outlet Boxes: File E2961 Guide QCIT. cULus Listed Nonmetallic Outlet Boxes & Fittings Classified for Fire Resistance: File R8209 Guide CEYY. Meets Article 300.21, 300.22[C] & 314 of NEC.
Type	Poke-Thru
