

The Pre-Pour sleeve allows contractors to plan where a poke-thru device will be placed in the construction process. This eliminates the need for costly core drilling.

Nonmetallic sleeve attaches to structural decking or plywood base and maintains a 10" - 10 1/8" (254mm - 257mm) cast in hole. Includes three (3) attachment lugs, three (3) thumb screws and two (2) end caps.

## Features & Benefits

The Pre-Pour sleeve allows contractors to plan where a poke-thru device will be placed in the construction process. This eliminates the need for costly core drilling. Nonmetallic sleeve attaches to structural decking or plywood base and maintains a 10" - 10 1/8" (254mm - 257mm) cast in hole. Includes three (3) attachment lugs, three (3) thumb screws and two (2) end caps.

## Specifications

### General Info

Product Line	Wiremold	UPC Number	786564087502
Country Of Origin	United States	Construction	Unassembled
Application Sector	Commercial	Type	Poke-Thru

### Dimensions

Product Width US	10.0 in	Product Depth US	10.0 in
------------------	---------	------------------	---------

### Buy American Act Compliance

NAFTA	Yes
-------	-----

### Additional Information

RoHS Conformant	Yes	Product Environmental Profile	Yes
-----------------	-----	-------------------------------	-----

### Technical Information

---

Number of Outlets

0
