

Wiremold® 1200 Series™ Service Fittings are bellcap style pedestal fittings used in single service power and communication applications. The split bell cap design protects the electrical or communication cabling exiting the fitting from damage. Multiple fittings are required for two or more services. 1200 Series Service Fittings are designed to be threaded directly into a 2" IPS [51mm] preset or afterset insert to activate Walkerduct® Underfloor Duct. It can also be applied as an afterset on Walkercell® Cellular Raceway. 1200 Service Fittings are suitable for new and renovation construction and is available in aluminum and brass finishes. All power fittings are UL listed to U.S. safety standards.

## Features & Benefits

Aluminum fitting includes housing, bell cap, grommet, and single U-slot, three-wire grounded, 20A, 125V receptacle.

## Specifications
