

Cablofil
FAS PROFILE-PREGALV (1D,,2W,,20L) [14500]
Part No. 14500

Cost-effective solution that provides higher bandwidth and transmission rates and supports longer distances with lower loss than 62.5/125 fiber. Specifically designed for use with today's narrower aperture components, this cable is fully compatible with multimode applications. The patented injection molding process provides each connection greater durability in resisting pulls, strains and impacts from cabling installs.

Each cable is 100% optically inspected and tested for insertion loss before you receive it. A pull-proof jacket design surrounds the popular 50/125 multimode fiber, immune to electrical interference.

Specifications

General Info

Product Line	Cablofil	Finish	Pre-Galvanized GS
UPC Number	800388001992	Country Of Origin	China

Dimensions

Product Width US	2.67 in	Product Weight US	1.3 lb
Product Volume US	0.031 cu ft	Product Depth US	19.45 in
Product Height US	1.033 in
