radiant® Spec-Grade 15A Self-Test GFCI Receptacle
Part No. 15971

GFCI receptacles from the radiant® Collection self-test automatically every three seconds to ensure reliable protection from shock due to ground fault occurrences. Meeting National Electrical Code requirements for ground fault protection, GFCI receptacles make it easier to recognize and fix trips right where they happen – no more confusion at the breaker box. Maximize safety, in style, with GFCI protection featuring the sleek, clean lines of radiant. GFCI protection is required by code in bathrooms, kitchens, garages, basements, outdoor areas, and for any other outlets found within six feet of a sink or water source. GFCI outlets should always be used when replacing existing GFCI outlets during renovation. Made exclusively for use with screwless Wall Plates from the radiant® Collection, sold separately. Spec-Grade devices are engineered to meet federal specifications for use in commercial installations.

Features & Benefits

- Protects against shock caused by ground-fault occurrences. Unlike breaker alternatives, GFCI receptacles make it easier to fix trips with a reset button right on the device.
- Equipped with proven SafeLock protection feature: if critical components are damaged and protection is lost, power to the outlet is disconnected.
- Replaces any standard receptacle with ease, in as little as 10 minutes.
- More color options available to fit any style, including finishes to match current hardware and lighting trends.
- Conducts an industry-leading automatic self-test every 3 seconds. If the device ever fails, the indicator light flashes to signal it should be replaced.
- Extends GFCI protection to "downstream" outlets when used with feed-thru wiring configuration. Note: Will cut power to face and downstream outlets if wired incorrectly.
- Features durable, high-impact resistant thermoplastic construction.
- Complete the look with a sleek, screwless radiant® Wall Plate, and coordinate with other designer switches and outlets available from the radiant® Collection.

Specifications

General Info

Color	Ivory	UPC Number	785007035735
Country Of Origin	China	Product Line	Pass & Seymour
Application Sector	Residential/Commercial	Number of Receptacles	2
Warranty Type	1-Year Limited Warranty	Standard	cULus, UL Listed, FSUL

Listing Agencies / 3rd Party Agencies

cULus Listed	Yes
--------------	-----

Additional Information

Product Environmental Profile Yes

Technical Information

Number of Gangs	1	Voltage	125 V
Mounting Type	Box	Trip Range	4 to 6 mA
Connection	Back and Side Wire	Frequency Rating	60 Hz
Interrupt Rating	4 A	Environmental Conditions	95% Humidity, UL 94 V2
