

The Legrand® computer-guided manufacturing process assures that each rack meets exact dimensions, guaranteeing a self-squaring assembly. Made of top quality 6061-T6 structural grade aluminum, Legrand equipment racks provide strength and stability for years. Racks ship unassembled for efficient delivery and storage.

Features & Benefits

Durable construction: Constructed of 6061-T6 structural-grade aluminum

#12-24 threaded EIA hole pattern: Compliant to mount numerous types of 19" panels and equipment.

Meets EIA-310 standards

Includes 12-24 mounting screws

EIA standard: 3" x 1-1/4" channel uprights

Easy Installation: Self-squaring and self-supporting

Listed to the UL 2416 Standard for Communication Circuit Accessories

Equipped with standard 1/2" junctioning holes for securing multiple-rack lineup
