Ortronics

Infinium Keyed LC Splice-On Connector (SOC) For 900um Fiber, 50/125 Multimode OM3/4, Rose, 50 Pack

Part No. 205KKF9GD-50E-E

Legrand keyed LC fiber solutions provide a simple and convenient way to physically prevent the user from making an unauthorized connection by blocking access to specific optical ports, whether they are at a workstation outlet or in a telecommunications room or data center. This is particularly important for government, finance, military and other facilities where multiple networks having different security level access requirements may be co-located.

Features & Benefits

- 12 color/key configurations available
- 50/125 microns and 9/125 microns laser-optimized fiber types available
- LC Keyed cadapters prevent improper connection of separate networks with common access points
- Each LC secure adapter will mate only with same-color LC secure connector
- High quality 1.25 mm zirconia ferrules used
- Internal keying feature prevents tampering
- High quality 1.25 mm zirconia ferrules used
- 1.6 in boot protects the splice for easy cable management
- The solution to managing multiple networks with reduced risks

Specifications

General Info

Product Line	Ortronics	UPC Number	662875033806
Country Of Origin	United States		

Dimensions

Product Width US	0.236 in	Product Depth US	3.65 in
Product Height US	0.409 in
