

Ortronics Infinium Keyed LC Splice-On Connector (SOC) For 900 Micron Fiber, 9/125 Single-Mode OS2 50 Pack Orange Part No. 205KKF9SD-09-E

Legrand keyed LC fiber solutions provide a simple and convenient way to physically prevent the user from making an unauthorized connection by blocking access to specific optical ports, whether they are at a workstation outlet or in a telecommunications room or data center. This is particularly important for

government, finance, military and other facilities where multiple networks having different security level

Features & Benefits

12 color/key configurations available50/125 microns and 9/125 microns laser-optimized fiber types
availableLC Keyed cadapters prevent improper connection of separate networks with
common access pointsEach LC secure adapter will mate only with same-color LC
secure connectorHigh quality 1.25 mm zirconia ferrules usedInternal keying feature prevents tamperingHigh quality 1.25 mm zirconia ferrules used1.6 in boot protects the splice for easy cable managementThe solution to managing multiple networks with reduced risks50/125 microns and 9/125 microns laser-optimized fiber types
available

access requirements may be co-located.

Specifications

General Info

Product Line	Ortronics	UPC Number	662875033936
Country Of Origin	United States	Туре	Connector
Dimensions			
Product Width US	0.236 in	Product Depth US	3.65 in
Product Height US	0.409 in		
Technical Informati	on		
Service Life	500 matings, < 0.2dB typical change	Temperature Rating	-40° - 75° C
Fiber Size	9/125
