

Pregalvanized Under Floor Support for wire mesh and trough tie cable trays. Designed to be used in a variety of applications including under raised floors, exposed concrete floors or walls or on top of equipment cabinets and enclosures. Raises Cable pathway for ventilation. Slotted mounting holes allow quick attachment and adjustment. Patented Fas Tabs eliminate hardware for mounting wire mesh. Trough mounts quickly with push tabs. Gangable for wider trays

Features & Benefits

Cablofil adapts to the most complex configurations, and its structure gives maximum strength for minimum weight. The ease of creating fittings, carried out on site, as well as the wide range of unique and universal accessories gives complete freedom in routing combined with exceptionally fast installation.

Specifications
