

Wiremold
4-INCH FURN FEED HARDWARE BAG
Part No. 4FF15-HWB

4FFATC15 Series Furniture Feed Style PokeThru Devices are an excellent solution for feeding power and communication services to modular furniture systems in an open space, above grade floor environment. Every Wiremold® Poke-Thru Device comes with built-in TopGuard™ protection, an industry-leading design that meets and exceeds UL scrub water exclusion requirements for tile and carpet floors. TopGuard protection prevents water, dirt, or debris from entering the power and communication compartments through the service head or floor fittings. 4FFATC15 Series Furniture Feed Style PokeThru Devices can be installed on tile, carpet, or wood covered concrete floors in both new or retrofit construction. Typical applications include commercial office buildings, financial institutions, and government facilities.

Features & Benefits

Hardware set for 4AFFTC15 Furniture Feed Series.

Specifications

General Info
